make sure you cleared caches: "php artisan config:cache" - boolfalse Mar 15 at 12:17 @boolfalse  
yes, i already run ````php artisan optimize:clear```` but it didn't work unfortunately - jigsaw075 Mar 15 at 12:23  
is this a typo "app/config.php" ? There should be "config/app.php" - boolfalse Mar 15 at 12:31  
also run "composer dump-autoload" - boolfalse Mar 15 at 12:34 @boolfalse yes, that was a typo. i run composer dump-autoload but it didn't work. any other thoughts? - jigsaw075 Mar 15 at 12:58
